	Page	Table	Title	Base Description	Base
●	1	1	Q1. From this list, can you please tell me which of these topics you have seen/ read anything about in the last 12 months?	Base: All respondents	1013
●	3	2	Q2. From this list, please tell me which of the following reasons are good reasons to support forestry in this way?	Base: All respondents	1013
●	5	3	Q3. Agree/ disagree - [Trees are good because they remove carbon dioxide from the atmosphere and store it in wood]	Base: All respondents	1013
●	7	4	Q3. Agree/ disagree - [Cutting down forests and woodland for timber always makes climate change worse, even if they are replanted]	Base: All respondents	1013
●	9	5	Q3. Agree/ disagree - [Using wood for fuel is better for climate change than using fuels such as coal and gas]	Base: All respondents	1013
●	11	6	Q3. Agree/ disagree - [Using wood for fuel makes climate change worse because it releases carbon dioxide]	Base: All respondents	1013
●	13	7	Q3. Agree/ disagree - [Using wood for building is better for climate change than using materials such as concrete, steel and plastics.]	Base: All respondents	1013
●	15	8	Q3. Agree/ disagree - [Scotland could offset all its greenhouse gas emissions by planting more trees]	Base: All respondents	1013
●	17	9	Q3. Agree/ disagree - [Planting more trees can help us cope with climate change by providing shade and reducing the effects of flooding]	Base: All respondents	1013
●	19	10	Q3. Agree/ disagree - [Agree Summary Table]	Base: All respondents	1013
●	21	11	Q3. Agree/ disagree - [Disagree Summary Table]	Base: All respondents	1013
●	23	12	Q3. Agree/ disagree - [Mean Summary Table]	Base: All respondents	1013
●	25	13	Q4. Agree/ disagree - [There is nothing that anyone could do that would make any difference]	Base: All respondents	1013
●	27	14	Q4. Agree/ disagree - [No action is needed; let nature take its course]	Base: All respondents	1013
●	29	15	Q4. Agree/ disagree - [A lot more trees should be planted]	Base: All respondents	1013
●	31	16	Q4. Agree/ disagree - [Different types of trees should be planted that will be more suited to future climates]	Base: All respondents	1013
●	33	17	Q4. Agree/ disagree - [More information should be provided about the ways in which wood can be used to lessen our impact on the environment]	Base: All respondents	1013

	Page	Table	Title	Base Description	Base
●	35	18	Q4. Agree/ disagree - [Agree Summary Table]	Base: All respondents	1013
●	37	19	Q4. Agree/ disagree - [Disagree Summary Table]	Base: All respondents	1013
●	39	20	Q4. Agree/ disagree - [Mean Summary Table]	Base: All respondents	1013
●	41	21	Q5. Do you ever use wood as a fuel in your home, either on its own or with other fuels?	Base: All respondents	1013
●	43	22	Q6. Is the wood the main fuel for heating your home, or do you mainly use something else?	Base: All who use wood as fuel in their home	118
●	45	23	Q7. Do you get the wood by the truck load, or a few bags at a time, or gather it yourself?	Base: All who use wood as fuel in their home	118
●	47	24	Q8. What is the main reason that you do not use wood as a fuel in your home?	Base: All who do not use wood as fuel in their home	895
●	49	25	Q9. How often would you like to visit woodlands and the outdoors in the next 12 months?	Base: All respondents	1013
●	51	26	Q10. In the last 12 months, how often on average have you visited forests or woodlands for walks, picnics or other recreation?	Base: All respondents	1013
●	53	27	Q11. Did you visit woodlands in the countryside or woodlands in and around towns?	Base: All who visited forests/woodlands in the last 12 months	804
●	55	28	Q12. How would you rate the level that best describes your general health on a scale of 1 to 10?	Base: All who visited forests/woodlands in the last 12 months	804
