	Page	Table	Title	Base Description	Base
	1	1	Q.1A In the last few years have you visited forests or woodlands for walks, picnics or other recreation	Base: All Adults 16+	2113
	6	2	Q.1B Did you visit woodlands in the countryside or woodlands in and around towns or both?	Base: All who have visited forests or woodlands for walks, picnics or other recreation in the last few years	1260
	11	3	Q.2A How frequently did you visit forests and woodlands last summer, i.e. between april and september	Base: All who have visited forests or woodlands for walks, picnics or other recreation in the last few years	1260
	16	4	Q.2B And how often this winter, i.e. since October 2016?	Base: All who have visited forests or woodlands for walks, picnics or other recreation in the last few years	1260
	21	5	Q.3 Who managed the woodland you visited most recently?	Base: All who have visited forests or woodlands for walks, picnics or other recreation in the last few years	1260
	26	6	Q.4 Thinking back about all of your visits to woodland over the last 12 months, what is your best estimate of how many times you visited a woodland managed by the forestry commission?	Base: All who have visited forests or woodlands for walks, picnics or other recreation in the last few years	1260
	31	7	Q.5 Are you a ...?	Base: All Adults 16+	2113
	36	8	Q.6 Have you in the past 12 months...	Base: All Adults 16+	2113
	41	9	Q.7_01 Now thinking specifically about woodlands and forests and why they are important to the public please indicate whether you strongly agree, agree, disagree or strongly disagree with the following statements. - They are places where I can relax and de-stress	Base: All who have visited forests or woodlands for walks, picnics or other recreation in the last few years	1260
	46	10	Q.7_02 Now thinking specifically about woodlands and forests and why they are important to the public please indicate whether you strongly agree, agree, disagree or strongly disagree with the following statements. - They are places where I can exercise and keep fit	Base: All who have visited forests or woodlands for walks, picnics or other recreation in the last few years	1260
	51	11	Q.7_03 Now thinking specifically about woodlands and forests and why they are important to the public please indicate whether you strongly agree, agree, disagree or strongly disagree with the following statements. - They are places where I can have fun and enjoy myself	Base: All who have visited forests or woodlands for walks, picnics or other recreation in the last few years	1260
	56	12	Q.7_04 Now thinking specifically about woodlands and forests and why they are important to the public please indicate whether you strongly agree, agree, disagree or strongly disagree with the following statements. - They are good places for me to socialise	Base: All who have visited forests or woodlands for walks, picnics or other recreation in the last few years	1260

Page	Table	Title	Base Description	Base
61	13	Q.7_05 Now thinking specifically about woodlands and forests and why they are important to the public please indicate whether you strongly agree, agree, disagree or strongly disagree with the following statements. - They are places where I can learn about the environment	Base: All who have visited forests or woodlands for walks, picnics or other recreation in the last few years	1260
66	14	Q.7_06 Now thinking specifically about woodlands and forests and why they are important to the public please indicate whether you strongly agree, agree, disagree or strongly disagree with the following statements. - They are places where I can learn about local culture or history	Base: All who have visited forests or woodlands for walks, picnics or other recreation in the last few years	1260
71	15	Q.7_07 Now thinking specifically about woodlands and forests and why they are important to the public please indicate whether you strongly agree, agree, disagree or strongly disagree with the following statements. - They get me involved in local issues	Base: All who have visited forests or woodlands for walks, picnics or other recreation in the last few years	1260
76	16	Q.7_08 Now thinking specifically about woodlands and forests and why they are important to the public please indicate whether you strongly agree, agree, disagree or strongly disagree with the following statements. - They are places where I feel at home	Base: All who have visited forests or woodlands for walks, picnics or other recreation in the last few years	1260
81	17	Q.7 Now thinking specifically about woodlands and forests and why they are important to the public please indicate whether you strongly agree, agree, disagree or strongly disagree with the following statements. - Summary table	Base: All who have visited forests or woodlands for walks, picnics or other recreation in the last few years	1260
82	18	Q.8_01 Thinking about the nearest urban area (town or city), where would you prefer public resources to be targeted? - 1st	Base: All Adults 16+	2113
87	19	Q.8_02 Thinking about the nearest urban area (town or city), where would you prefer public resources to be targeted? - 2nd	Base: All Adults 16+	2113
92	20	Q.8_03 Thinking about the nearest urban area (town or city), where would you prefer public resources to be targeted? - 3rd	Base: All Adults 16+	2113
97	21	Q.8_04 Thinking about the nearest urban area (town or city), where would you prefer public resources to be targeted? - 4th	Base: All Adults 16+	2113
102	22	Q.8_05 Thinking about the nearest urban area (town or city), where would you prefer public resources to be targeted? - 5th	Base: All Adults 16+	2113

	Page	Table	Title	Base Description	Base
	107	23	Q.8_06 Thinking about the nearest urban area (town or city), where would you prefer public resources to be targeted? - 6th	Base: All Adults 16+	2113
	112	24	Q.8_07 Thinking about the nearest urban area (town or city), where would you prefer public resources to be targeted? - 7th	Base: All Adults 16+	2113
	117	25	Q.8 Thinking about the nearest urban area (town or city), where would you prefer public resources to be targeted? - Summary table	Base: All Adults 16+	2113
	118	26	Q.9_01 Would you agree or disagree with the following statements about the ways in which forests and woodlands in the uk can impact on climate change? - No action is needed, let nature take its course	Base: All Adults 16+	2113
	123	27	Q.9_02 Would you agree or disagree with the following statements about the ways in which forests and woodlands in the uk can impact on climate change? - A lot more trees should be planted	Base: All Adults 16+	2113
	128	28	Q.9_03 Would you agree or disagree with the following statements about the ways in which forests and woodlands in the uk can impact on climate change? - Trees should not be felled in any circumstances, even if they are replaced	Base: All Adults 16+	2113
	133	29	Q.9_04 Would you agree or disagree with the following statements about the ways in which forests and woodlands in the uk can impact on climate change? - Different types of trees should be planted that will be more suited to future climates	Base: All Adults 16+	2113
	138	30	Q.9 Would you agree or disagree with the following statements about the ways in which forests and woodlands in the uk can impact on climate change? - Summary table	Base: All Adults 16+	2113
	139	31	Q.10_01 Would you agree or disagree with the following statements relating to tree health? - Everyone should take action when visiting woodlands to help prevent the spread of damaging tree pests and diseases	Base: All Adults 16+	2113
	144	32	Q.10_02 Would you agree or disagree with the following statements relating to tree health? - I would be willing to look out for and report sightings of pests and diseases on trees, if appropriate information and advice was available to me	Base: All Adults 16+	2113

FORESTS AND WOODLANDS (QS0303 - 836909)

Q.9 Would you agree or disagree with the following statements about the ways in which forests and woodlands in the uk can impact on climate change? - Summary table
Base: All Adults 16+

		No action is needed, let nature take its course	A lot more trees should be planted	Trees should not be felled in any circumstances, even if they are replaced	Different types of trees should be planted that will be more suited to future climates

Q.10 Would you agree or disagree with the following statements relating to tree health? - Summary table
Base: All Adults 16+

		Everyone should take action when visiting woodlands to help prevent the spread of damaging tree pests and diseases	I would be willing to look out for and report sightings of pests and diseases on trees, if appropriate information and advice was available to me.	There is very little that anyone can do to prevent the spread of damaging tree pests and diseases.	Action should be taken by authorities and woodland managers to protect trees from damaging pests and diseases.	If I buy an imported tree, it is more likely to carry tree pests and diseases than a tree grown in the UK.	I am aware that possible tree pests and diseases can be reported using the Tree Alert website.
