TECHNICAL NOTE ON SURVEY METHODOLOGY

Sampling and Fieldwork

The Omnibus sample is designed to be representative of the adult population resident in Wales aged 16 and over. The unit of sampling is Lower Layer Super Output Area (LSOA) and 69 interviewing points throughout the Wales are selected with probability proportional to resident population, after stratification by Local Authority and Social Grade. A fresh sample of interviewing locations is selected each wave.

Within each sampling point, interlocking demographic quota controls of age and social class within sex are employed for the selection of respondents. Quotas are set to reflect the individual demographic profile of each selected point.

A fresh sample of interviewing locations and individuals are selected for each survey and no more than one person per household is interviewed.

Interviews are conducted face to face in the homes of respondents utilising CAPI (Computer Aided Personal Interviewing) technology. Beaufort's experienced fieldworkers are used with postal and telephone back-checking in accordance with ISO 20252.

The majority of fieldwork for the March 2019 survey took place between 25 February and 10 March with the remainder conducted shortly afterwards. A total of 1,001 interviews were completed and analysed.

Tabulations

The data has been weighted by age group within gender within Local Authority grouping to give each cell (42) its correct incidence within the Wales total derived from the results of the 2011 Census.

Tables are presented in the form of numbers and integer percentages with the un-weighted and weighted sample base shown at the top of each column. Where the base is anything other than the total sample this is indicated underneath the table heading and follows logically from the question sequence and routing.

Arithmetic rounding to whole numbers means that columns of percentages do not necessarily sum to exactly 100%. Where more than one answer can be given to a question the sum of percentages may exceed 100%. 0 denotes a weighted sample of less than 0.5 and 0% denotes a percentage of less than 0.5%. Where column bases are less than about 50, percentages need to be interpreted with care.

A standard analysis of questions asked is provided as an integral part of the service involving demographic information collected as a matter of course towards the end of the interview. This breaks response down by classification variables (breakdowns) as shown overleaf.

CLASSIFICATION 1:

- **Area** (groups of unitary authorities, 5 cols):

North Wales	: Wrexham, Flintshire, Denbighshire, Conwy, Anglesey, Gwynedd
Mid/West Wales	: Powys, Ceredigion, Carmarthenshire, Pembrokeshire
West South Wales	: Swansea, Neath & Port Talbot, Bridgend
Valleys	: Rhondda Cynon Taff, Merthyr, Caerphilly, Blaenau Gwent
Cardiff & S.E. Wales	: Cardiff, Vale of Glamorgan, Torfaen, Monmouthshire, Newport

- **Gender** (2 cols)
- **Age** of respondent (6 cols): **Combined age group** (3 cols)
- **Combined socio-economic grade** (2 cols)
- **Number of people in household** (2 cols)
- **With child in house** (2 cols)

CLASSIFICATION 2:

- **Welsh speaker** (2 cols)
- **Household tenure** (3 cols)
- **Employment status** (3 cols)
- **Marital status** (3 cols)
- **Ethnicity** (2 cols)
- **Long-term disability** (2 cols)
- **Cars in household** (2 cols)

CLASSIFICATION 3:

- **Urban / Rural indicator** (2 cols)
- **WIMD Rank** (6 cols)
- **Use of wood fuel** (3 cols)
- **Highest qualification** (5 cols)

GUIDE TO THE TABULATIONS

1. Tables are presented in question order with the question number analysed shown at the top of the table.
2. The sample bases are shown at the top of each column.
3. Where the base for a table is not the total sample it is described underneath the table heading.
4. Tables are in the form of integer column percentages and actual sample numbers.
5. Arithmetic rounding to whole numbers means that columns of percentage do not necessarily sum to exactly 100%.
6. Where more than one answer can be given to a question the sum of percentages may exceed 100%.
7. 0 denotes a weighted sample of less than 0.5 and 0% denotes a percentage of less than 0.5%.
8. Care should be taken in interpretation of data where the base sizes are particularly small. The following is a guide showing confidence intervals attached to various sample sizes (showing confidence intervals where the results would be at 50% and at 10 or 90%).

95% Confidence Intervals for different results with different sample sizes:

	Un-weighted Sample Size				
	1,001	500	300	200	100
50%	+/-3.0%	+/-4.4%	+/-5.7%	+/-6.9%	+/-9.8%
10 / 90%	+/-1.8 %	+/-2.6 %	+/-3.4%	+/-4.2%	+/-5.9%

For example, if 50% of a **sample of 1,001** answers “Yes” to a question, we can be 95% sure that between 47.0% and 53.0% of the population holds the same opinion (i.e. +/-3.0%). However, if 50% of a sample of 100 answers “Yes” to a question, we can be 95% sure that between 40.2% and 59.8% of the population holds this opinion (i.e. +/-9.8%), etc.

9. A column breakdown has been used to analyse against all questions (see Classifications 1 and 2).

10. Mean score calculations (excluding don't know responses) have been appended to various questions, as follows:

QF4b	Banded mean: Strongly agree = 5 Agree = 4 Neither agree nor disagree = 3 Disagree = 2 Strongly disagree = 1
QF5b	Banded mean: Excellent = 6 Very good = 5 Good = 4 Fair = 3 Poor = 2 Very poor = 1
QF10a	Banded mean: Strongly agree = 5 Agree = 4 Neither agree nor disagree = 3 Disagree = 2 Strongly disagree = 1

QUESTIONNAIRE

B01901- 1 WALES OMNIBUS SURVEY MARCH 2019
FORESTRY COMMISSION – FINAL QUESTIONNAIRE

ASK ALL - SHOWCARD A

Q1a From this list, please tell me which of the following *benefits* you think that woodlands near you provide for the local community? **CODE ALL MENTIONED**

They support the local economy
They help attract visitors to the area
They provide firewood
They provide timber and other wood products
They are accessible to all in the community
They provide places for wildlife to live
They provide places for recreation (such as walking, cycling, horse-riding)
They provide places for relaxation and stress relief
They improve the landscape
They give people in the community the opportunity to work together
They help reduce air and noise pollution
They remove carbon dioxide from the atmosphere, slowing climate change
They can be used by local schools and other educational groups
They are an important resource for us all
They help soak up water in rainy weather

Other (please specify)

None of the above

DK

R

ASK ALL - SHOWCARD B

Q1b From this list, please tell me which of the following woodland-related issues *disadvantage*- your local community? **CODE ALL MENTIONED**

Woodlands don't provide local jobs – contractors from elsewhere are used
It's really difficult to get firewood and timber from our local woodlands
The woodlands near us can't be accessed
The woodlands near us aren't good for wildlife
The woodlands near us aren't nice places to visit
The woodlands make our landscape worse
The woodlands near us are used for fly-tipping
The woodlands get in the way of developments around the community
We can't control what happens in our local woodlands
Managing woodlands pollutes the air/water/soil
Woodland operations and visitors create noise pollution
Woodland operations create carbon dioxide making climate change worse
Woodlands near us provide a place for criminal activity
Timber lorries / visitors to woodlands make the roads busy
Timber lorries make me feel unsafe walking/driving on the roads

Other (please specify)

None of the above

DK

R

ASK ALL - SHOWCARD C

Q2a Thinking about the nearest urban area (town or city), what **benefits** do you think street trees in this urban area provide?

CODE ALL MENTIONED

- They make the area look more attractive
- They help people to feel more relaxed and calm
- They provide health benefits
- They provide places for birds and wildlife to live
- They help reduce air and noise pollution
- They remove carbon dioxide from the atmosphere, slowing climate change
- They are just a benefit knowing they are there
- They help to improve road safety
- Their shade helps to cool the area during summer
- They increase property values and inward investment into the community
- They help to soak up water in rainy weather
- They offer a connection with the seasons and nature
- They act as natural classrooms
- They create pleasant places to meet and mix with people
- They produce useful by-products (e.g. leaf mulch)
- They enhance the appeal and performance of shopping areas
- Other (please specify)
- None of the above
- DK
- R

ASK ALL - SHOWCARD D

Q2b Thinking about the nearest urban area (town or city), what **disadvantages** do you think street trees in this urban area cause?

CODE ALL MENTIONED

- The trees in the urban areas near us aren't good for wildlife
- The trees make the urban landscape worse
- The trees get in the way of developments in or around the urban area
- We can't control what happens to the street trees
- Carrying out work to the trees causes disruption and mess
- Street trees in urban areas near us provide opportunities for criminal activity and vandalism
- Street trees reduce light to nearby houses and buildings
- Falling leaves and branches make a mess and are a health and safety hazard
- Street trees damage buildings and cause subsidence
- Trees cause interference to TV reception and effectiveness of solar panels
- Trees hide views
- Trees harbour pests
- The trees are not properly looked after
- The trees make the roads less safe
- Other (please specify)
- None of the above
- DK
- R

ASK ALL – SHOWCARD E

Q2c Thinking about the nearest urban area (town or city), where would you prefer public resources for looking after urban trees and woods to be targeted? Please rank the following in order of importance, with 1 being 'Most important' and 6 being 'Least important'.

- Street trees and those on roundabouts or other green areas associated with roads
- Trees in and around public buildings and car parks
- Trees in pedestrian zones and public squares
- Trees in public parks and gardens
- Clusters of trees as a component of public parks and gardens
- Woodlands around towns with public access

None of these – I don't want public money spent on looking after urban trees or woods

DK

R

ASK ALL

Q2d Thinking about the nearest urban area (town or city), would you be prepared to support trees by...?

READ OUT EACH OPTION AND RECORD YES/NO/DK

- Participating in community planting programmes
- Watering newly planted trees in public areas during periods of dry weather
- Accepting higher council taxes, the funds from which will be used for community tree programmes
- Planting and tending trees in your garden or your communal outside area
- Monitoring the health and condition of public trees
- Raising concerns with the Local Authority if you notice a problem with trees

ASK ALL

Q3a In the last 12 months, have you visited forests or woodlands for walks, picnics or other recreation?

Yes → **GO TO Q3b**

No → **GO TO Q3d**

DK }
R } **GO TO Q5a**

ASK IF YES AT Q3a

SHOWCARD F

Q3b What recreational activities have you undertaken in forests or woodland in the last 12 months?

CODE ALL MENTIONED

Walking
Dog-walking
Running
Wildlife watching
Picnicking
Children's playground
Woodland crafts
Horse riding
Climbing
Hunting
Fishing
Off-road driving / motorcycling
Off-road cycling / mountain biking
Sightseeing / visitor attractions
Swimming outdoors

Other (please specify)

None of the above

DK
R

ASK IF YES AT Q3a

SHOWCARD G

Q3c In the last 12 months have you ever gathered any of the following products from forests or woodland?

CODE ALL MENTIONED

- Items for eating or drinking (such as berries, fungi, nuts, flowers and sap)
- Medicinal and dietary supplements (such as St. John's wort, meadowsweet and hawthorn)
- Decorative, floral and craft products (such as foliage, branches, stems, moss, lichen, mistletoe and weld)
- Items for seasonal, cultural and religious use (such as holly, ivy and hazel wands)

Other (please specify)

None of the above

DK
R

ASK IF NO AT Q3a

SHOWCARD H

Q3d Which of the following, if any, are the main reasons for you **not** visiting woodland / forests more often or at all?

CODE ALL MENTIONED

Not interested in visiting more often

Don't have a car

Lack of suitable public transport

Other personal mobility reasons (difficulty in walking, unwell, etc.)

Woods are too far away

Lack of facilities (play areas, picnic areas, etc.)

Lack of information about woods to visit

Prefer other areas of countryside

Concerns that woods are not safe

Woodlands are badly maintained

Cost of visiting

Lack of confidence

I'm too busy/ not enough time

Other (please specify)

None of the above

DK

R

NOW GO TO Q5a

ASK IF YES AT Q3a

Q4a Thinking about your most recent visit to woodland, did you visit woodland in the countryside or woodlands in and around towns?

Woodlands in the countryside

Woodlands in and around towns

DK

R

ASK IF YES AT Q3a

SHOWCARD I

Q4b Thinking about your most recent visit to woodland, please use the card to tell me to what extent you agree with the following two statements.

SINGLE CODE - INVERT SCALE BETWEEN RESPONDENTS

Strongly agree

Agree

Neither agree nor disagree

Disagree

Strongly disagree

DK

R

- **I would visit again.**
- **I would recommend it as a place to visit to a friend or a relative**

ASK IF YES AT Q3a

SHOWCARD J

Q4c Do you know who managed the woodland you visited on your most recent visit to woodland?

SINGLE CODE ONLY

Forestry Commission
Natural Resources Wales
Woodland Trust
National Trust
Community Managed Woodland
Other (please specify)

None of the above

DK
R

ASK IF YES AT Q3a

SHOWCARD K

Q4d Thinking about your most recent visit to woodland, which of the following were important to you when choosing that woodland to visit?

CODE ALL MENTIONED

It is in close/easy reach
Knowing that visitors are welcome there
Good facilities (e.g. toilets, café)
Attractive scenery
Wildlife
Peace and quiet
A good place to unwind/ de-stress
Good for exercise
Safe environment
No entrance charge
Clear signage - both welcoming & directional
Clear and accessible tracks and paths
A variety of activities
Dogs are welcome
Knowing you can access gates and stiles with your group (including pushchairs, dogs, wheelchairs or if you have a disability)
Opportunity to collect woodland produce (including firewood)
Opportunities for learning

Other (please specify)

None of the above
DK
R

ASK ALL

Q5a Is there a forest or woodland that you can get to easily without using a car or other transport?

Yes → **Q5b**

No
DK
R

} **Q6a**

IF Q5b YES AT Q5a

SHOWCARD L

Q5b How would you rate that forest or woodland in terms of how safe and welcoming it feels?

SINGLE CODE - INVERT SCALE BETWEEN RESPONDENTS

Excellent
Very good
Good
Fair
Poor
Very poor

DK / not sure
R

ASK ALL

Q6a Have you ever been consulted about plans for creating, managing or using woodlands in your area?

Yes
No

DK
R

ASK IF YES AT Q6a

Q6b Do you feel that you have influenced decisions about creating, managing or using woodlands in your area?

Yes
No

DK
R

ASK ALL

Q6c Would you like to be consulted in future about plans for creating, managing or using woodlands in your area?

Yes

No

DK

R

ASK IF YES AT Q6c

Q6d Do you feel that you would be able to influence decisions about creating, managing or using woodlands in your area?

Yes

No

DK

R

ASK ALL

Q6e Once trees have been felled in your area, what types of trees / woodland would you like to see in their place?

READ OUT

Conifers (e.g. Scots Pine, Juniper, Yew)

Broadleaves (e.g. Oak, Beech)

A mix of conifers and broadleaves

None – don't want to see replanting

DK

R

ASK ALL

Q6f After felling trees in your area, would you prefer to see...?

READ OUT

Quick replanting

A gradual restoration to a natural type of woodland

No preference

None – don't want to see replanting

DK

R

ASK ALL

SHOWCARD M

Q7 Have you and/or anyone in your family attended any of the following organised learning activities or events to do with woodlands in the last 12 months?

CODE ALL MENTIONED

School trip

Forest school

Guided walk or talk

Organised course or training event (such as dry stone walling, fencing, making bird boxes, woodland management)

An organised tree planting event

Other organised event (please specify)

None of the above

DK

R

ASK ALL

Q8a Have you been involved in voluntary work in connection with woodlands in the last 12 months (e.g. physical work in a wood, administration, fund raising, running a group)?

Yes

No

ASK ALL

SHOWCARD O

Q10 I'm now going to read out a list of statements that other people have said about tree pests and diseases (e.g. insects, fungi and plants), and I would like you to tell me to what extent you agree with each one.

SINGLE CODE - INVERT SCALE BETWEEN RESPONDENTS

Strongly agree
Agree
Neither agree or disagree
Disagree
Strongly disagree

DK
R

- Everyone should take action when visiting woodlands to help prevent the spread of damaging tree pests and diseases (e.g. by washing shoes/ boots, bikes etc before and after their visit and by brushing soil & plant material from clothes)
- I would be willing to look out for and report sightings of pests and diseases on trees, if appropriate information and advice was available to me
- There is very little that anyone can do to prevent the spread of damaging tree pests and diseases
- Action should be taken by authorities and woodland managers to protect trees from damaging pests and diseases
- I understand what is meant by biosecurity

ASK ALL

SHOWCARD P

Q11a Do you use any of the following types of wood fuel for heating your home, for cooking or for hot water, either on their own or with other fuels?

Please only tell us about wood fuel you use indoors, not about any wood fuel you may use outdoors.

CODE ALL MENTIONED

1. Wood logs
2. Wood pellets
3. Wood briquettes / heat logs
4. Waste wood e.g. waste and off-cuts from industrial, manufacturing, DIY or renovation work
5. Foraged, gathered or found branch wood from felled or fallen trees
6. Wood chips

Q11c

None of the above → **GO TO Q11b**

DK
R } **GO TO Q12a**

ASK IF NONE AT Q11a

SHOWCARD Q

Q11b Which of these statements best applies to you?

SINGLE CODE

1. I intend to use wood as a fuel in the next two years → **Q11c**
2. I would like to use wood fuel but am unable to do so → **Q11c**
3. I do not wish to use wood → **Q12a**
4. I'm undecided whether I intend to use wood fuel (Go to Q12a) → **Q12a**

R → **GO TO Q12a**

ASK IF 1-6 AT Q11a OR 1-2 AT Q11b

Q11c What attracts you to firewood use?

DO NOT PROMPT – CODE ALL MENTIONED

Cheaper than other fuels
Environmental benefits
Have access to a free source of wood
Reliable local supply
Control of heating costs
Fuel security/ off grid heating
Firewood around the house looks attractive
Cutting and gathering firewood keeps me fit

Other (please specify)

DK
R

ASK IF 1-2 AT Q11b

Q11d What has prevented you from using firewood to date?

DO NOT PROMPT – CODE ALL MENTIONED

Renting property so unable to make modifications to home to use firewood

Cost of firewood

Don't know where to get firewood

No place to store firewood

Too much manual work involved

Don't wish to do major building work

Happy with the way I heat my home / cook

Live in a chimney "smoke-free" zone

Other (please specify)

DK

R

ASK ALL

Q12a Do you have any physical or mental health conditions or illnesses lasting or expected to last 12 months or more?

Yes → **Q12b**

No

DK

R

END

R

ASK IF YES AT Q12a

Q12b Does your condition / illness affect your use of woodlands / forests or other greenspaces?

SINGLE CODE

Yes → **Q12c**

No

DK

R

END

ASK IF YES AT Q12b - SHOWCARD R

Q12c In which of the following ways does your condition / illness affect your use of woodlands / forests or other greenspaces?

CODE ALL MENTIONED

1. Lack of public transport to the woodland/forest or other green space
2. Lack of suitable paths around the woodland/forest or other green space
3. Lack of accessible facilities, e.g. toilets, cafe, visitor centre etc.
4. Lack of suitable activities at the woodland/forest or other green space
5. Lack of information to help inform a visit to the woodland/forest or other green space
6. Lack of information at the woodland/forest or other green space
7. Lack of information in a suitable format for my disability
8. Attitude of staff at the woodland/forest or other green space
9. Attitude of other visitors at the woodland/forest or other green space
10. The cost of reaching the woodland/forest or other green space
11. Cost once at the woodland/forest or other green space
12. Concern that woods are not a safe place

13. Other (please specify)
